

# From Our Heart To Yours During This Christmas Season

**Please accept our invitation to experience the visual and emotional impact of Heart Gallery Houston during our Christmas Open House.**

The Heart Gallery is made up of dramatic images, taken by leading professional photographers, that capture the personality and spirit of foster children who are available for adoption. Our hope is that by showcasing these children, each will be able to find their forever home. Please invite anyone you know who is interested in adoption. They may just find their son or daughter among the stunning photos on display. For more information on children who are available for adoption visit [www.adoption.org](http://www.adoption.org).
