Dear Laurie,

I am pleased to report that at its general membership meeting on January 15, 2009, the Austin Area Human Services Association (AAHSA) unanimously voted to endorse One Voice Houston's public policy recommendations for the 81st Texas Legislature.

Founded in 1983, AAHSA is an association of more than 50 not-for-profit organizations in the Austin area. Its mission is to convey the human service needs of the Austin area community to policy makers and the public and to support member organizations in meeting these needs.

We look forward to working at the state level with One Voice Houston on issues of mutual concern such as those expressed in your position statements.

Sincerely,

Beth Atherton
Chair
Austin Area Human Services Association
